ABSTRACT

OF THE

NET REVENUE AND EXPENDITURE

OF

*Jamaica*

---

FOR THE YEAR

*1853*

---

Insert under general heads the Receipts and Disbursements, so as to exhibit distinctly and separately the Sources from which the Receipts have been derived: on the one hand, whether from the Resources of the Colony, from Parliamentary Grants, or from Her Majesty's Treasury; and, on the other, the Total Expense incurred by each Department of the Government; distinguishing the Ordinary Established Charge of the several Offices from their Contingent and Accidental Expenses.

Such Observations as may be sufficient to explain the causes, and point to the remedy of any deficiency in the Revenue, or excess of the Expenditure, must form the subject of a Special Report to accompany the Blue Book when transmitted to the Secretary of State.

## Remarks

The 7th. Victoria ch. 35; amended by 13 Vict ch. 31, are the Island Acts which at present regulate the Militia, and by the 7th. Vict. ch. 35 Sec. 32 the Foot Militia are required to muster one day in each Quarter; and in addition to such musters, to be reviewed once in the year by a General Officer. The Governor is empowered to order more frequent musters, and to give directions generally concerning them. By the 58 Sec. the Governor appoints General Officers of Militia for the command of Districts, of which there are five. Nos. 3 and 4 being now vacant. The Governor is empowered in cases of imminent danger to increase the quota of the Militia by Royal Proclamation to be issued by and with the advice of the Privy Council.

The qualification for an Officer in the Foot Militia is his being possessed of landed property of the real value of £500, or an annual income of £100; a declaration of such qualification being required from him at the time of being recommended for a first Commission.

The qualifications to serve in the Cavalry are being from 21 to 45 years of age - possessing a Horse of not less than £30 value, and also in the receipt of an annual income, or Salary of £40; or possessed of a freehold of the clear annual value of £20; or paying taxes to the extent of not less than £3 per annum. The number of Officers both for Horse, and Foot Militia, are proportioned by Law according to the number of companies, or Troops in each Regiment.

Every male person from the age of 21 to 45 unless exempted by Law is liable to do Militia duty for a term of five years; and persons, who have not already registered are liable to a penalty of £5 for not giving in their names to the Clerks of the Vestry, or Clerk of the Common Council in Kingston, before the 31<sup>st</sup> January in each year.

Under these Acts there are several pains and penalties for non performance of their requirements, but for many years past it has not been attempted to enforce them. The disinclination to register has become general, and in some instances, where the registration has been effected, the difficulty of getting Justices of the Peace to hold the ballot, under the terms of the Law, has intervened.

The Officers in command of Regiments decline to incur further charges in consequence of the repeal of those clauses which provided for the payment of expenses necessarily incurred by them in the discharge of the duties imposed upon them by the Act. The fee attendant upon each name being registered by the Clerks of the Peace, - the Marshals Salaries, as well as the appointment of Armourers with pay for keeping the Arms of each regiment in order being severally abolished by 15 Viet. ch. 27 will account in a great measure for the present state of the Militia in this Island; and it has been found impracticable, from the want of funds, to get the

arms of the several disembodied Regiments conveyed to the Arsenal; consequently many have fallen into the hands of irresponsible persons, and are entirely lost to the Island; and in some instances they are lying about in places totally unfit for their reception.

Besides the Horse and Foot Militia mentioned in this Return the only other corps that has any connection with such service is the Kingston Battalions. The Adjutant General is not aware that it is established by any law, though it has been of very long existence and Commissions in it are recognized by the Stamp act. They were called out in 1831 and rendered essential service in the Harbours of Kingston and Port Royal.

## REMARKS.

\* By the Judicial Act 3 Vict. c. 65. under which the office of Chairman of Quarter Sessions was first provided for, and by which the duty of presiding over the several Courts of Common Pleas was devolved upon the Chairmen, the Island was originally divided into nine districts which under the operation of 7 Vic. c. 62 have been reduced to six. Each Chairman received not only a Commission appointing him Chairman of his District, and as many separate Commissions, as his District contained jurisdiction, constituting him Chief Judge and also associating other gentlemen with him as Assistant Judges of the Court of Common Pleas. The dates above are the dates of the Commissions by which the several officers were appointed Chairmen of Quarter Sessions. ## REMARKS.

\* The *Spendiary Magistrates* were originally appointed by special commission under the Imperial Act 32 & 33 W. IV c. 73 s. 14, tested 28 February 1834, or by writ of appointment therewith upon the nomination or subject to the confirmation of the Secretary of State. The special commission expired in December 1838 since which time the *Spendiary Magistrates* have been included in and acted altogether under the General Commission of the Peace, and they are ordinarily known and spoken of as "*Spendiary*" in contradistinction to the *unpaid Magistrates* and without reference to the specialty of their original duties.
